

Intimate Care Policy

Signhills Academy

Approved by: SLT

Date: Summer 2025

Next review due by: Summer 2026

Aims / Objectives

This policy aims to ensure that:

- Intimate care is carried out properly by staff, in line with any agreed plans
- The dignity, rights and wellbeing of children are safeguarded
- Pupils who require intimate care are not discriminated against, in line with the Equality Act 2010
- Parents/carers are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care that involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

Procedures

Seeking parental permission

Where there isn't an intimate care plan in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents/carers and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents/carers afterwards.

Creating an intimate care plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents/carers, the child (when possible) and any relevant health professionals.

The school will work with parents/carers and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents/carers will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, as well as whenever there are changes to a pupil's needs.

Sharing information

The school will share information with parents/carers as needed to ensure a consistent approach. It will expect parents/carers to also share relevant information regarding any intimate matters as needed.

Which staff will be responsible

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

How staff will be trained

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures

They will also be encouraged to seek further advice as needed.

Intimate care procedures

How procedures will happen

In all planned instances, and whenever practicable in unplanned situations, 2 members of staff will be present.

If it is not possible to have 2 members of staff present, the member of staff must inform a member of the SLT once the procedure has taken place.

Procedures will be carried out in the medical room, unless alternative arrangements are outlined in the intimate care plan.

When carrying out procedures, the school will provide staff with protective gloves, aprons, cleaning supplies, changing mats and clinical waste bags / bins.

For pupils needing routine intimate care, the school expects parents/carers to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or spare sets of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents/carers at the end of the day.

Concerns about safeguarding

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to a member of the SLT. If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be

given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

Monitoring arrangements

This policy will be reviewed and approved annually by the headteacher. At every review, the policy will be presented to the governing body.

PERMISSION FOR SCHOOL TO PROVIDE INTIMATE CARE	
Name of child	
Date of birth	
Name of parent/carers	
Address	
I give permission for the school to provide appropriate intimate care to my child (e.g. changing soiled clothing, washing and toileting)	☐
I will advise the school of anything that may affect my child's personal care (e.g. if medication changes or if my child has an infection)	☐
I understand the procedures that will be carried out and will contact the school immediately if I have any concerns	☐
I do not give consent for my child to be given intimate care (e.g. to be washed and changed if they have a toileting accident). Instead, the school will contact me or my emergency contact and I will organise for my child to be given intimate care (e.g. be washed and changed). I understand that if the school cannot reach me or my emergency contact, if my child needs urgent intimate care, staff will need to provide this for my child, following the school's intimate care policy, to make them comfortable and remove barriers to learning.	☐
